

The scatter plot displays the raw scores of 100 students. The x-axis, labeled 'Raw Score', has major tick marks at 2.5, 5.0, and 7.5. The y-axis represents the students, ordered by their raw score. The data points are black dots, showing a strong positive linear trend. The scores range from approximately 0.5 for the student at the bottom to nearly 10 for the student at the top.
